About Rand Logistics

Rand Logistics is a leading provider of marine bulk freight shipping and ship repair services throughout the Great Lakes region. Through our subsidiaries, Grand River Navigation in the U.S. and Lower Lakes Towing in Canada, we operate a fleet of self-unloading bulk carriers. Our Company is the only carrier able to offer domestic port-to-port services in both Canada and the U.S. on the Great Lakes. We are the market leader in the River Class segment. Rand's vessels operate under the U.S. Jones Act – which reserves domestic waterborne commerce to vessels that are U.S. owned, built and crewed – and the Canada Coasting Trade Act – which reserves domestic waterborne commerce to Canadian registered and crewed vessels that operate between Canadian ports. Our subsidiaries, Conneaut Creek Ship Repair and Lower Lakes Ship Repair, provide ship repair, fabrication and industrial maintenance throughout the Great Lakes region and beyond.
